

THE FRENCH PRESIDENTIAL CRISIS.

M. Grévy Refuses to Remain Long.
Goblet the Candidate. Army Corps
Ordered to be Present.

PARIS, Nov. 30.—President Grévy in his message to parliament will give, as a reason for resigning, the refusal of all leading statesmen to form a cabinet. He makes no complaint against the chamber or against the senate or against his ministers. Several deputies waited upon Goblet today and endeavored to induce him to join the cabinet with Clemenceau as premier, with the object of retaining Grévy in the presidency. Goblet declined.

PARIS, Nov. 30.—Commanders of the different army corps have received instructions which they are to open in the event of an outbreak following the election of the new president.

STUPENDOUS SCHEME.

The Standard Oil Company to Build a Pipe Line From Chicago to New York.

Toledo, O., Nov. 30.—A gigantic scheme of the Standard Oil company, involving millions of dollars, has just been unearthed here. It is nothing more nor less than a grand trunk pipe line from Chicago to New York, by way of the Ohio and Pennsylvania oil-fields. The pipeline when completed will be nearly one thousand miles long, and will cost at least \$40,000,000. It will connect the Ohio and Pennsylvania fields, and the oil can be piped eastward or westward, as desired. The Standard Oil company has already commenced to lease right-of-way through Ohio and Indiana. Thousands of acres of the best oil lands have been secured, and the intention is to develop and test all the country between Chicago and Lima, Ohio. This step was made necessary by high railroad rates, consequent upon the carrying into effect of the inter-state commerce law. The intention of the Standard Oil company is to utilize the oil piped to Chicago for fuel as well as for illuminating purposes.

St. John, of Kansas; Miss Francis E. Willard, of Illinois; Mother Stewart, of Ohio, and Dr. A. J. Judkins, of Chicago. D. P. Sengedorf, vice-chairman, of New York, was in the chair. NICARAGUA CANAL SURVEY.

NEW YORK, Nov. 30.—Early this morning, the surveying party which, under the direction of the Nicaraguan Canal Construction company, will make initial surveys, boarded the steamer Hondo at her dock. The Hondo sailed at noon, and was accompanied down the bay by the "Sam Sloan," upon which were the general officers of the company, its directors and a large party of guests. The Hondo is to take on a force of eighty native laborers at Fortune Island and Jamaica, and will reach Greyston about December 6th, where the force of laborers will be augmented. The survey will not, it is thought, be completed until April or May. A second surveying party will follow in a few weeks.

Fisheremen Drowned.

ERIC, Pa., Nov. 30.—James McLaughlin and Robert Pryor, fisherman, were drowned about a half mile off shore of Presque Isle today. They started out early this morning and pulled their nets making such a large haul that the boat was laden to the water's edge, the wind rising caused the boat to pitch heavily and every lurch caused her to slip large quantities of semi-liquid ice. The men turned for shore but when half a mile out an unusually heavy doe drove large blocks of ice into the boat and she slid under disappearing from view.

The coroner's examination showed that four ribs and his collar bone were broken and his lungs crushed, thus evidently a case of murder, but no cause is known for the murder.
